Vanquis Banking £258mcap

- Leading provider of credit to 'financially stretched 'people (est. 20m in UK).
 Two main products: credit card and vehicle finance + smaller personal loans and growth area of 2nd charge mortgages.
- Primary risk relates to execution of turnaround and <u>any</u> historic motor finance commissions related liability, unclear what/if redress needed
- 1.7m customers. No.1 UK 15% market share. Regulated Bank. Former FTSE 100 Provident Financial and 100-year provider of 'door-step lending' now ceased.
- FY '24: Loans £2.3bn, retail deposits £2.4bn, Tier 1 ratio 18.8%. Net Interest margin (NIM) 18.4%, Cost Income ratio 66%. Funded by deposits (Banking licence). Net Income £267.5m, costs £302m. Loss before tax £34.8m.
- Recent negative cost impact from dealing with profit-seeking/opportunistic complaints management companies (£47m cost '24). Now falling. New team also cleaned up accounting/provisions etc.
- Material opportunity to cut costs. Management target of £60m, upgraded by £15m and further £20m+ expected in '26 post new tech system deployment.
- Underserved market, with mainstream banks avoiding and competitors without banking licenses (no deposit finding) and removal of rapacious pay-day lenders.
- New Chair, CEO, CFO and highly experienced senior hires.
- ROTE loss in 2024, target "mid-teens" '27 onwards. Huge profit and re-rating recovery opportunity. Upside = >200%
- Valuation: Current P/B 0.5x, target >1x P/B (minimum). Recovery DY >10%
- Thesis: New team deliver major profit turnaround justifying re-rating.

Cost Information addendum

Costs

There is no additional cost to the investor charged by the Company. The Company does have operating expenses, for example, arising in relation to the audit of the accounts. The estimated OCF for the current year is 1.83%. (Includes management fee, not any performance fees)

As a listed company, the Company's operating costs are disclosed in its Statement of Comprehensive Income within its Annual Report and Financial Statements, which is available on the Company's website www.rockwoodstrategic.co.uk. The Association of Investment Companies (AIC) has recommended that investment trusts also disclose an Ongoing Charges Figure (OCF). Ongoing charges are the Company's annualised expenses (excluding finance costs and certain non-recurring items) expressed as a percentage of the average monthly net assets of the Company during the year as disclosed to the London Stock Exchange. Performance fees are excluded from the calculation. The most recent OCF figure for the year ended 31 March 2024 was 1.58% with further information on the calculation of the OCF, as well as costs more generally, set out in the 2024 Annual Report on page 51. For the avoidance of doubt, the OCF is not an additional cost paid by shareholders to the Company.

Management Fee

Management fee 1%

Performance Fee

Performance fee 10% over 6% p.a. hurdle with a high watermark and, once AUM avg over £100m,

total IM fees are capped each year at 3%

Exceptional Costs

Exceptional costs in FY '22-23, e.g. moving from AIM to Main, are often unadjusted by platforms

Rockwood Strategic

"To invest successfully does not require a stratospheric IQ, unusual business insights, or inside information. What's needed is a sound intellectual framework for making decisions and the ability to keep emotions from corroding the framework."
